

From: Jonathan Bonar
To: VSE Corporation

My resume highlights my ability prior experience in both the private and public sectors. I have served as a strategic buyer for Caterpillar Inc (CAT). During this period I worked with multiple suppliers to stream line manufacturing process, implement quality control processes, and reduce cost. I was involved in creating strategic sourcing and collaborations with multiple suppliers to support global manufacturing. I lead multiple six-sigma projects which resulted in roughly \$5,000,000 in cost reductions. My experience at CAT also included in managing and consulting suppliers on process control and managing supplier performance.

I have over 15 years of procurement in the federal sector, with knowledge of the FAR and federal contracting.

My most recent opportunity supported government acquisitions in which I was responsible for the overall planning and coordination of logistics and supply chain activity to include the synchronization of scheduling, transportation, manufacturing and inventory for various new products.

Thank you in advance for your time. Please do not hesitate to contact me if you have any questions. I would appreciate the opportunity to review my qualifications in more detail.

Sincerely,

Jonathan Bonar
